About me

Web developer with almost 10 years of experience, specialized in **Vanilla technologies** (HTML5, CSS3, JavaScript and PHP). Focused on developing **optimized, scalable, and maintainable code**, ensuring **compatibility and high performance** without unnecessary dependencies. Experienced in **high-traffic websites development** and **technical SEO optimization**. Currently looking for new opportunities to continue growing and incorporating modern technologies into my stack.

Professional Experience

Web developer

Freelance, 2024 - Present

- Development of custom websites for clients from various industries, applying **clean code principles and UX/UI best practices**.
- Implementation of **backend solutions in PHP and MySQL** for dynamic and scalable websites.
- **Technical SEO optimization** and performance improvement through **advanced Web Performance Optimization techniques**.

Full Stack Developer

Plan Your Trips, Terrassa (Barcelona) | 04/2016 - 11/2024

- Managed and maintained **websites with millions of monthly visits**.
- Developed a **CMS platform** for content management.
- Created **optimized templates** to improve UX/UI.
- Applied **clean code principles and best development practices**.
